

# Anteo Group Provides Key Resources for Large Scale PeopleSoft Upgrade

## INDUSTRY AND CLIENT PROFILE

The client is a global management consulting, technology services and outsourcing company.

## PROJECT

Anteo Group partnered with the client for a large-scale PeopleSoft Financials upgrade. Anteo Group's consultants were involved in the full project lifecycle from the proposal to the actual implementation.

## CHALLENGES

The client's main challenge was finding industry-specific Senior Functional and Technical PeopleSoft resources within a short time frame.

## VALUE AND RESULTS

Anteo Group spent the time up-front with the client to determine all the skill-sets necessary for the position as well as analyzed the client's culture. Thus, Anteo Group provided resources with not only the specific project skill sets, but also an understanding of the client's complex business requirements.

In addition to providing resources for the PeopleSoft Financials upgrade, Anteo Group:

- Delivered several fixed scope strategy projects on time and on budget,
- Was involved in overall project management and strategy,

- Conducted and led fit gap sessions, and
- Provided technical resources for the development and modification of reports.

Above all, Anteo Group provided the client with the ability to deliver the solution within the proposed time frame.
