

AUTOMATIC DATA PROCESSING**Senior Development Manager**

Anteo Group has done an excellent job for me. They have consistently found qualified candidates for my projects with a minimum amount of interviewing time required. I consider you a partner to me rather than a vendor. I believe I wouldn't be as successful without your help in filling these positions.

CREDIT SUISSE FIRST BOSTON**Vice President**

The recruitment services provided by Anteo Group have always been of the highest standard, and I have no hesitation in recommending your services. Anteo Group assisted in the recruitment of a number of high quality candidates for me. Their approach was one of the most professional I have come across in all the time I have been recruiting staff, and they always delivered on their promises.

LEASEPLAN**Technical Team Leader**

Anteo has lived up to every promise they have made to us. Your candidates were by far better than everyone else's, and very qualified to do the job.

MEETING EXPECTATIONS**Senior Manager**

Just wanted to let you guys know how pleased and impressed I am with your consultant. He's doing great work and picking up on our technical implementations very quickly. In just the first week he has been with us, he has been very helpful, and has some good ideas on how we can improve on what we've already done. I am excited to have him with us and looking forward to the great things we will accomplish together.

GE GLOBAL EXCHANGE**Director of Professional Services**

Anteo Group consistently supplied candidates with a complete fit to both the technical and cultural criteria of the roles. For each role, they took extensive details and supplied me with two candidates, to allow for the "chemistry." Many requirements were serviced on the same day. Project sizes varied from one to 15 person projects, and Anteo Group supplied us with technicians, programmers and project managers at the junior and senior level. Their efficiency, competitiveness and friendliness made them our key supplier.

CONNECTURE**Vice President of Human Resources**

I have greatly enjoyed working with Anteo Group. In addition to being professional, reliable, and smart, they are attentive to our needs and work for us as if they owned shares in our company. Anteo Group employees have not only become great friends of mine personally, but great friends to Connecture - a real part of the family.

WALKER GREENBANK**Technical Manager**

The candidate Anteo Group supplied is working out even better than I hoped. You've found us a true star. He has fixed problems we thought impossible to do for 4 years, very impressive! It's so refreshing to find someone so good after our many disaster stories. Thanks very much.
